

2018 OET Refresher Schedule

Sat Jan 6 th	8:30am-12:00pm
Sun Jan 7 th	8:30am-12:00pm
Sat Jan 27 th	8:30am-12:00pm
Sun Jan 28 th	8:30am-12:00pm

If a date is rained out rain or the mountain is closed the date will be rescheduled.

Starting on December 23rd there will be 4 sign-up sheets in the Alpine patrol room. 18 slots will be available each date.

You must also Register on the national NSP website to get credit for refreshing. See the Howto on the SMSP website: "How to register for the 2018 SMSP OET refresher." The course number is E009170007.

A second way to complete your refresher is by attending one of the Patroller Schools in the division (ELK, Killington, Jay Peak).

- You must still first register at the NSP website
- Attend patroller school
- Ask your sled day instructor to sign the OET slot on your OEC card. Let them know that you are registered through your local patrol.
- If you get your card signed then show it to Brian Kozera in person, or email or text him a picture of the signed card and he will accept that in lieu of your attendance.

If you have not completed a refresher and you are not going to patroller school, you will be listed as incomplete and your hill captains will be notified that you cannot handle a sled while on shift. (NOTE you do not lose your Alpine Status)

If you patrol on more than one type of equipment, you will need to refresh on each type.

If SMSP is your second patrol, you must show proof that you refreshed with your primary patrol. You may refresh with us as well.
